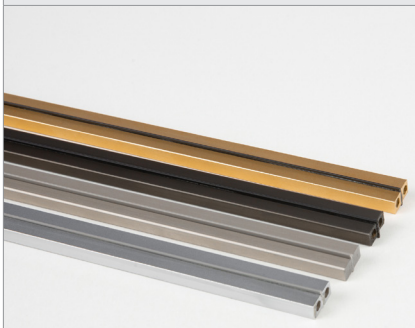
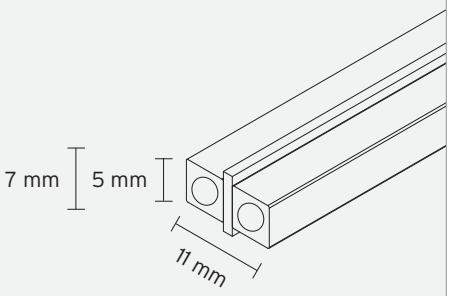
Accessories // Magnetic Tracks

magnetic track

part number: A471000



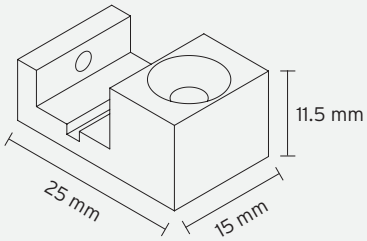
- material: steel
- colours: black, silver, champagne, gold (currently available on request only)
- max. profile length
  2,000 mm (black, silver)
  1,900 mm (champagne, gold)
  from 2,000 mm with connector
- electrical connection on one or both sides
- power input:
  12V DC constant voltage
- up to 10 spotlights per meter
  (max. load: 50 W / 2 meters)



power supply

part number: A500023

- power supply for magnetic track
- colour: black
- cable: standard length 3 m,
  cross section 0.5 mm²
  (other lengths on request),
  pre-assembled with banana plug
- additional power supply options on request

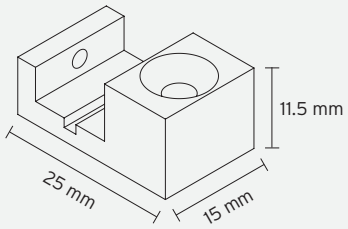


holder asymmetric, screw on

part number: A300068

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- attachment to wood:
  with countersunk screw for wood
- attachment to metal:
  with countersunk screw for metal (M4)
- both sides mountable

- recommended number per meter: 3
- track secured with locking screw (M3x4)
  (tightening force 0.3 - 0.5 Nm)

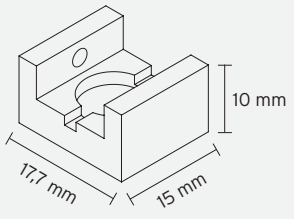


holder symmetric, screw on

part number: A300072

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- attachment to wood:
  with countersunk screw for wood
- attachment to metal:
  with countersunk screw for metal (M4)
  and suitable washer (plastic)

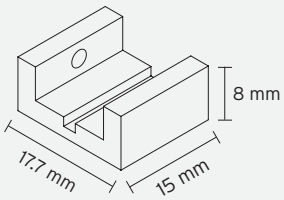
- recommended number per meter: 3
- track secured with locking screw (M3x4)
  (tightening force 0.3 - 0.5 Nm)



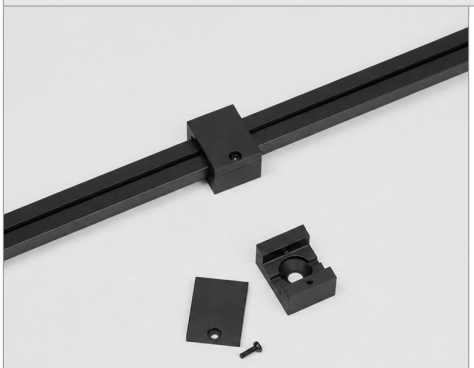
holder symmetric, glue on part number: A300071

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- attachment: glue on (special construction adhesive)

- recommended number per meter: 3
- track secured with 2 locking screws (M3x4) (tightening force 0.3 - 0.5 Nm)

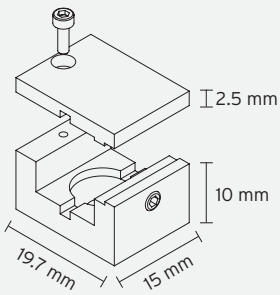


holder symmetric, screw on with lock plate part number: A300417



- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- attachment to wood: with countersunk screw for wood
- attachment to metal: with countersunk screw for metal (M4) and suitable washer (plastic)

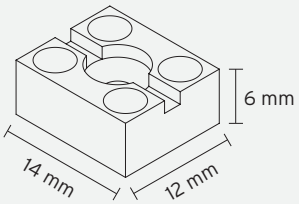
- recommended number per meter: 3
- track secured with 2 locking screws (M3x4) (tightening force 0.3 - 0.5 Nm)



holder symmetric mini, screw on part number: A300070

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- attachment to wood: with countersunk screw for wood
- attachment to metal: with countersunk screw for metal (M3)

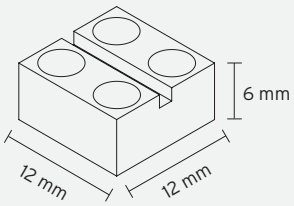
- recommended number per meter: 4



holder symmetric mini, glue on part number: A30069

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- attachment: glue on (special construction adhesive)

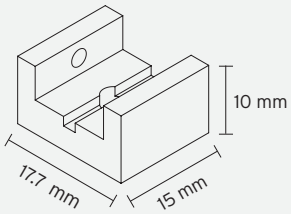
- recommended number per meter: 4



holder symmetric, with internal thread part number: A300073-S

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- attachment to wood or metal: with wood or metal screw
- suitable for internal threads (M4)

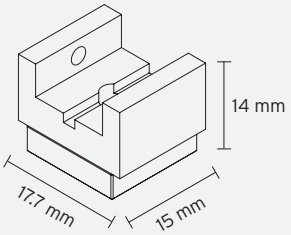
- recommended number per meter: 3
- track secured with locking screw (M3x4) (tightening force 0.3 - 0.5 Nm)



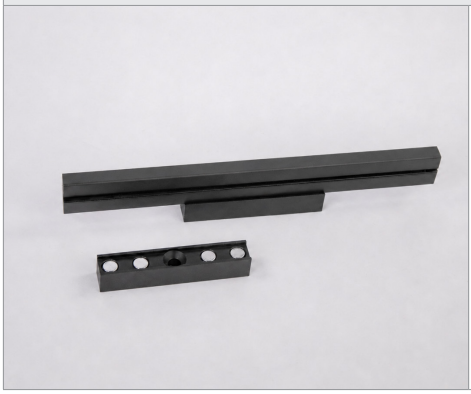
holder symmetric, with internal thread, magnetic part number: A300073-M

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- attachement to magnetic surfaces

- recommended number per meter: 3
- track secured with locking screw (M3x4) (tightening force 0.3 - 0.5 Nm)

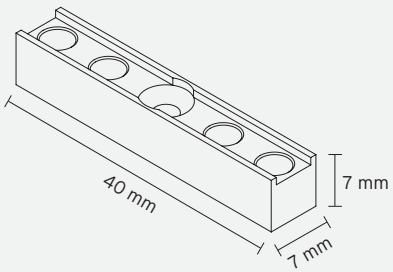


holder symmetric mini 90°, screw on **on request** - part number: A300241



- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- attachment: glue on (special construction adhesive)

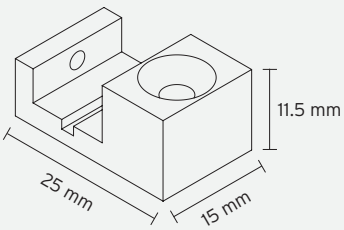
- recommended number per meter: 3
- track secured with locking screw (M3x4) (tightening force 0.3 - 0.5 Nm)



holder symmetric mini 90°, glue on **on request** - part number: A300518

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- attachment to wood: with countersunk screw for wood
- attachment to metal: with countersunk screw for metal (M4)

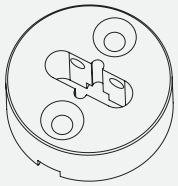
- recommended number per meter: 4



Puck Ø 26 mm, POM, screw on part number: A3000120-S

- material: POM
- colour: in black
- attachment to wood:
  with 2 countersunk screws for wood
- attachment to metal:
  with 2 countersunk screws for metal (M3)

- track secured with 2 locking screws (M3x4)
  (tightening force 0.3 - 0.5 Nm)

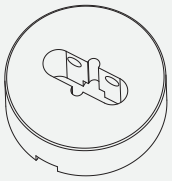


Ø 26 mm / H = 10 mm

Puck Ø 26 mm, POM, magnetic part number: A3000120-M

- material: POM
- colour: in black
- attachement to magnetic surfaces

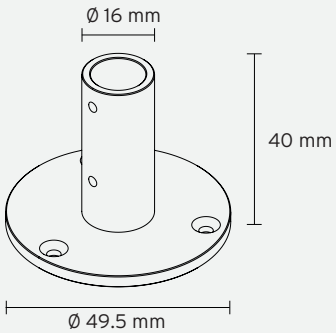
- track secured with 2 locking screws (M3x4)
  (tightening force 0.3 - 0.5 Nm)



Ø 26 mm / H = 10 mm

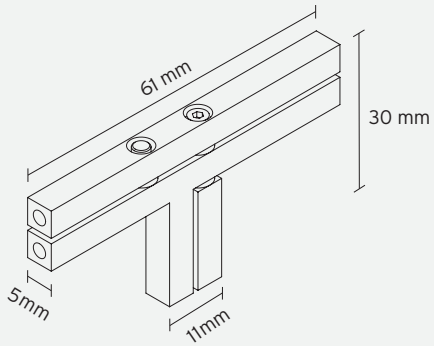
Mounting flange 12 mm part number: A200059

- material: aluminum
- colour: anodised matte in black, silver
  gold, champagne, bronze
- mounting options: screw on & magnetic*
  * on wood: 3 countersunk screws
  * on magnetic surfaces
- magnetic track can be secured to the
  flange using an adapter



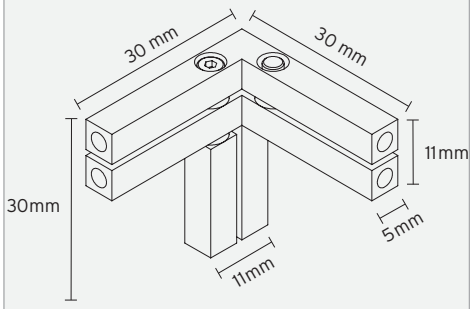
T-Connector part number: A300402

- material: aluminum
- colour: anodised matte in black,
  silver, gold, champagne, bronze
- mounting: banana plugs



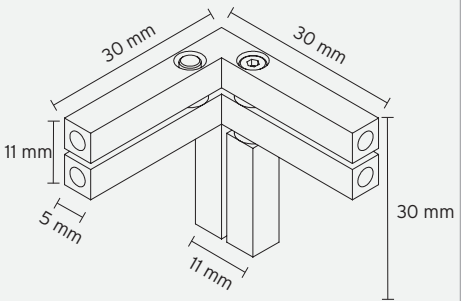
Y-connector (Left) part number: A300396-Y-L

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- 2 variants (mirrored)
- mounting: banana plugs



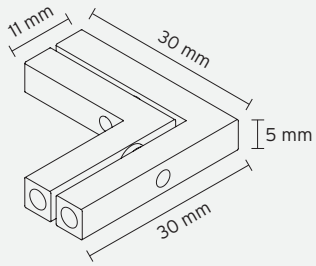
Y-connector (Right) part number: A300396-Y-L

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- 2 variants (mirrored)
- mounting: banana plugs



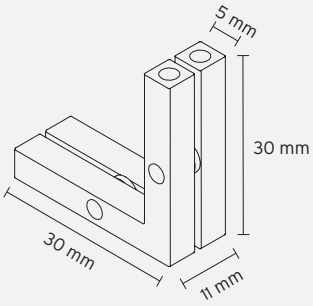
corner connector horizontal part number: A300403

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- mounting: banana plugs



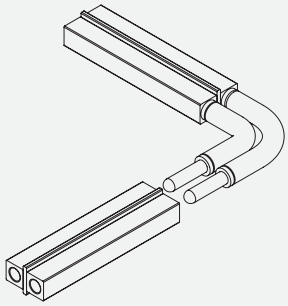
corner connector vertical part number: A300404

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- mounting: banana plugs

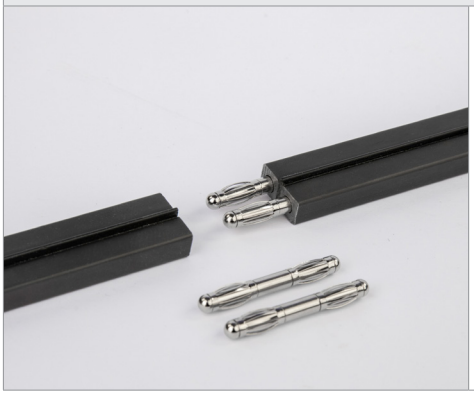


corner connector flexible part number: A500501

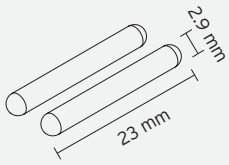
- double-sided plug contact with double-core cable, soldered
- cable cross-section 2 x 0.5 mm²
- standard length 27 mm and 37 mm (length adjustable on request)



connector straight part number: A301860

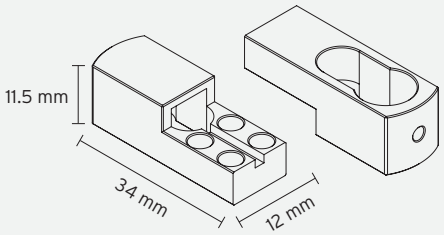


- double banana plugs
- double-sided banana plug contact, recessed in the magnetic track



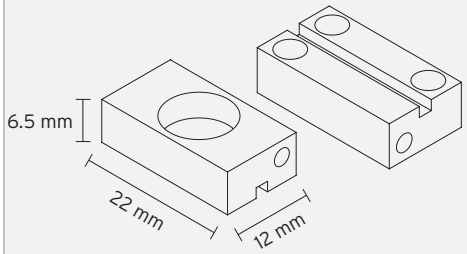
adapter for showcase installation **on request** - part number: A300087

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- adapter incl. support tube (Ø 10 mm) and mounting set (flange and nut)
- max. length of magnetic track 1.20 m (without central support)



central support for showcase installation **on request** - part number: A300088

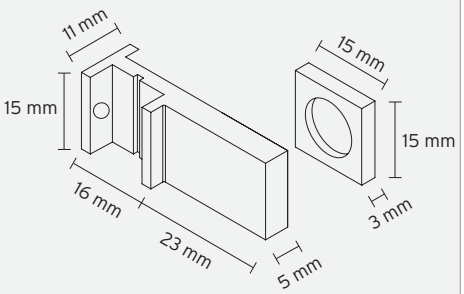
- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- holder incl. support tube (Ø 10 mm) and mounting set (flange and nut)
- recommended from a length of 1.20 m to prevent the magnetic track from sagging



mounting part glass — **on request** - part number: A300089

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- holder in a set with steel plate
- attachment to glass: glue the steel plate to the glass and attach the holder to it magnetically

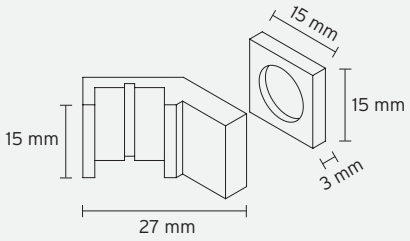
- recommended number per meter: 2
- track secured with locking screw (M3x4) (tightening force 0.3 - 0.5 Nm)



mounting part glass 45° — **on request** - part number: A300090

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- holder in a set with steel plate
- attachment to glass: glue the steel plate to the glass and attach the holder to it magnetically

- recommended number per meter: 2
- track secured with locking screw (M3x4) (tightening force 0.3 - 0.5 Nm)



glass shelf holder — **on request** - part number: A300075

- material: aluminum
- colour: anodised matte in black, silver, gold, champagne, bronze
- attachment to magnetic track: with 2 screws (M3) incl.
